Doan's have done great work in Barre. Norman York, 29 Branch street, Barre, Vt., says: "I was subject for six years to attacks of kidney trouble, and I believe the complaint was brought on by a strain. I had pains in my back and was led to believe that my kidneys were out of order by too frequent passages of the kidney secretions. If I stopped to lift anything, it was only with the greatest difficulty that I could retain an erect position. I finally used Doan's Kidney Pills, procured at E. A. Drown's drug store, and their effect was wonderful. The pain in my back soon ceased and the kidney secretions no longer bothered me."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

HIRAM CARPENTER'S WONDERFUL CURE OF PSORIASIS

"I have been afflicted for twenty years with an obstinate skin disease, called by some M. D.'s, psoriasis, and others leprosy, commencing on my scalp; and in spite of all I could do, with the help of the most skillful doctors, it slowly but surely extended until a year ago this winter it covered my entire person in the form of dry scales. For the last three years I have been unable to do any labor, and suffering intensely all the time. Every morning there would be nearly a dust-pail of scales taken from the sheet on my bed, some of them half as large as the envelope containing this letter. In the latter part of winter my skin commenced cracking open. I tried everything, almost, that could be thought of without any relief. The 12th of June I started West, in hopes I could reach the Hot Springs. I reached Detroit and was so low I thought I should have to go to the hospital, but finally got as far as Lansing, Mich., where I had a sister living. One Dr. treated me about two weeks, but did me no good. All thought I had but a short time to live. I earnestly prayed to die. Cracked through the skin all over my back, across my ribs, arms, hands, limbs; feet badly swollen; toes-nails came off; finger-nails dead and hard as a stone; half dead, dry and lifeless as old straw. O my God! how I did suffer. "My sister wouldn't give up, said, 'We will try Cuticura.' Some was applied on one hand and arm. Eureka! there was relief; stopped the terrible burning sensation from the word on. They immediately got Cuticura Resolvent and Soap. I commenced by taking Cuticura Resolvent three times a day after meals; had a bath once a day, water about blood heat; used Cuticura Soap freely; applied Cuticura Ointment morning and evening. Result: returned to my home in six weeks from the time I left, and my skin as smooth as this sheet of paper. Hiram E. Carpenter, Henderson, N. Y."

The above remarkable testimonial was written January 19, 1880, and is reprinted because of the permanency of the cure. Under date of April 22, 1910, Mr. Carpenter wrote from his present home, 610 Walnut St., New York City, that he had never suffered a return of the psoriasis and although many years have passed I have not forgotten the terrible suffering I endured before using the Cuticura Remedies."

Motor Tax On Horses.

While there is some excuse for a special tax on automobiles that use the maindram and dirt roads of the country, because they do wear them out somewhat more rapidly than the ordinary horse-drawn vehicle, and, further, because motor car owners demand and are willing to pay a large share toward the cost of better country roads, quite the reverse is true in the city.
This fact is pointed out in a semi-jocular letter by a recent newspaper correspondent, who declares for a special tax on city horse owners. The horse, he says, is chiefly responsible for the heavy cost of maintaining clean streets. If it were eliminated from the local transportation scheme Commissioner Edwards' work would be greatly lightened, and his budget could be much diminished. The wood and Belgian block pavements and the asphalt are practically indestructible under automobile traffic.
All of this is quite true, and while there is no likelihood of a horse tax plan being adopted, the fact that the smokeless motor car is the cleanest and least troublesome of peripatetic city vehicles as well as the most efficient, all things considered, is a fact worth keeping mind in the face of the prevailing tendency to "soak it" in every possible taxable way.—New York Globe.

AMUSEMENT NOTES.

Big Musical Comedy "The Soul Kiss" at the Opera House Monday Night.
"The Soul Kiss" is distinguished not only by the unique idea of the search for a kiss that comes from the soul and all the clever comedy situations of the book, written by Harry B. Smith, but by a score of delightful, tuneful and catchy songs and dances, interspersed throughout. The music, which was written by Maurice Levi, is full in harmony with the lines of the story, and has that appeal that throws music lovers into ecstasies.
The striking characteristics of "The Soul Kiss" is its harmony, expressiveness, tunefulness and laugh provoking situations. The music follows the idea of the story—now soft and low, now swelling into joyousness and thrills of the intensest kind, now shading off into dreamy melody, then following the love sentiment with tender harmony, and then breaking out into vigorous expression of the joy of life, realizing the elaborate setting, the color and beauty of the sixty participants, then into the canteen time of the dance, when the gayly costumed galaxy of some forty dancers swing and whirl into that wild fantasy of the mountain dance, led by Scoville, direct from the Crystal Palace, London, who was the sensation of Europe's music halls last season, and all these changes are one blended whole of laughter, emotion, thrills and delightful sensation, thus making "The Soul Kiss" far and away the banner musical attraction of the past decade.
The feminine contingent is composed of attractive young singers and dancers; not the least attractive portion of this production are the "squabs," who are nearly all of one size, trim of form and pretty of face.
At the Barre opera house Monday night, January 9.

WELCOME WORDS TO WOMEN
Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.
Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.
It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.,—take the advice received and be well.
